

I am commenting on the proposal to allow new LPFM stations to take priority over current FM translator service. I am one of hundreds of people who listen to K-LOVE Christian Radio heard over one of these translators. I am concerned that I might lose the ability to hear this station if this proposal is implemented. K-Love is making an impact in this and many other communities around the country and I personally financially support this station. A Christian alternative to the hard-rock, vulgar, secular music that some teens and young adults are exposed to daily is necessary in our society. I urge you to reconsider this plan so we can continue to have good choices of music to listen to and the message of the love of God can reach the multitudes. Thank you for reading my comments.
